SHARE BUY-BACK STATEMENT IN RELATION TO THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

1. INTRODUCTION

At the AGM held on 29 August 2024, the Board obtained the shareholders' approval for the renewal of the Proposed Share Buy-Back. The approval for the renewal of the Proposed Share Buy-Back shall lapse at the conclusion of the forthcoming AGM, which has been scheduled to be held on 28 August 2025 unless the approval is renewed.

The Company had on 14 July 2025 announced that the Board proposes to seek from the shareholders the approval for the renewal of the Proposed Share Buy-Back.

The renewal of the Proposed Share Buy-Back will allow the Company to purchase its own Shares up to a maximum of 10% of its total number of issued shares from the open market.

2. DETAILS OF THE PROPOSED SHARE BUY-BACK

On 29 August 2024, the Board obtained shareholders' approval for the Company to purchase its Shares up to a maximum of 10% of its total number of issued shares, subject to the prevailing laws, orders, requirements, guidelines, rules and regulations issued by the relevant authorities at the time of purchase. The Shares will be purchased through the stock exchange of Bursa Securities.

The Purchased Shares will be treated as Treasury Shares, which may be resold through the stock exchange of Bursa Securities or distributed to shareholders as dividends or transferred or cancelled and/or in any other manner as prescribed by the Act, and the relevant rules, regulations and/or requirements, as may be determined from time to time by the Directors.

The Board now proposes to seek your approval for a renewal of the authority to undertake the Proposed Share Buy-Back at the forthcoming AGM to be held on 28 August 2025.

The authorisation for the Proposed Share Buy-Back will be effective immediately upon the passing of the ordinary resolution for the renewal of the Proposed Share Buy-Back until:-

- (a) the conclusion of the next AGM of IJM;
 - (b) the expiration of the period within which the next AGM is required by law to be held; or
 - (c) revoked or varied by ordinary resolution of the shareholders in a general meeting,
- whichever occurs first.

3. FUNDING FOR THE PROPOSED SHARE BUY-BACK

The Proposed Share Buy-Back will be funded from internally generated funds and/or borrowings; and the maximum amount allocated shall not exceed the sum of retained profits of the Company based on the audited financial statements for the year ended 31 March 2025.

If borrowings are used for the Proposed Share Buy-Back, the Company will experience a decline in its net cash flow to the extent of the interest costs associated with such borrowings but the Board would ensure that the Company has sufficient funds to repay the borrowings and that the repayment would have no material impact on the cash flow of the Company.

Based on the audited financial statements for the year ended 31 March 2025, the retained profits of the Company stood at RM1.932 billion. The Board will ensure that the total amount of retained profits of the Company will be sufficient to effect the Proposed Share Buy-Back. The number of issued shares of the Company as at 30 June 2025 was 3,647,566,120 (inclusive of 142,400,000 Treasury Shares).

The actual number of Shares to be purchased, the total amount of funds to be utilised, impact on cash flows and the timing of the purchase(s) will depend on the prevailing equity market conditions, sentiments of the stock market and the available financial resources of the Company at the time of the purchase(s).

4. RATIONALE FOR THE PROPOSED SHARE BUY-BACK

The Proposed Share Buy-Back would enable IJM to utilise its surplus financial resources to purchase Shares at prices which the Board views as favourable. It may stabilise the supply and demand of Shares traded on the Main Market of Bursa Securities and thereby support its fundamental value.

The Purchased Shares held as Treasury Shares may be resold through the stock exchange of Bursa Securities with the intention of realising a potential gain without affecting the total issued share capital of the Company. The Treasury Shares may also be distributed to shareholders as dividends and, if undertaken, would serve to reward the shareholders of the Company.

The actual treatment of the Purchased Shares would depend on, inter-alia, the prevailing equity market conditions and the financial position of IJM.

The Proposed Share Buy-Back would effectively reduce the number of Shares carrying voting and participation rights. As such, in arriving at the EPS of the Company, the earnings of IJM would be divided by a reduced number of Shares. Based on among other things, the current market price of the Shares, shareholders may enjoy an increase in the value of their investment in IJM arising from the consequent increase in EPS.

5. RISK ASSESSMENT OF THE PROPOSED SHARE BUY-BACK

The Proposed Share Buy-Back is not expected to have any potential material disadvantages to the Group and shareholders of the Company.

The Proposed Share Buy-Back, if implemented, would reduce the financial resources of the Group. This may result in the Group having to forego future investment opportunities and/or any income that may be derived from the deposit of such funds in interest bearing instruments. The Proposed Share Buy-Back may also result in a reduction of financial resources available for distribution in the form of cash dividends to shareholders.

However, the financial resources of the Group may increase pursuant to the resale of the Purchased Shares held as Treasury Shares at prices higher than the purchase price. Nevertheless, the Board will be mindful of the interests of the Group and the shareholders of the Company in implementing the Proposed Share Buy-Back and/or any subsequent resale.

6. FINANCIAL EFFECTS OF THE PROPOSED SHARE BUY-BACK

Assuming that the Proposed Share Buy-Back is carried out in full, the financial effects are as follows:-

6.1 Share Capital

As the Purchased Shares will be retained in full as Treasury Shares, the Proposed Share Buy-Back will not have any effect on the issued share capital of IJM. However, the rights attaching to them as to voting, dividends and participation in other distributions and otherwise are suspended and the Treasury Shares shall not be taken into account in calculating the number or percentage of Shares for any purposes including substantial shareholding, takeovers, notices, the requisitioning of meetings, the quorum for a meeting and the result of a vote on a resolution at a meeting.

6.2 Net Assets

The effects of the Proposed Share Buy-Back on the NA of IJM Group will depend on the purchase price and number of Shares purchased. The Proposed Share Buy-Back will reduce the consolidated NA per Share if the purchase price exceeds the consolidated NA per Share at the time of the purchase. Conversely, it would increase the consolidated NA per Share if the purchase price is less than the consolidated NA per Share of the Company at the time of the purchase.

6.3 Working Capital

The Proposed Share Buy-Back is likely to reduce the working capital of the IJM Group, the quantum of which depends on the purchase price of the Shares, the number of Shares purchased and any associated costs incurred in making the purchase. However, if the Purchased Shares treated as Treasury Shares are subsequently resold on Bursa Securities, the working capital of the Group will increase if the Company realises a gain from the resale.

6.4 Earnings Per Share

The effects of the Proposed Share Buy-Back on the earnings of the IJM Group would depend on the purchase price and number of Shares purchased. The effective reduction in the number of Shares applied in the computation of the consolidated EPS pursuant to the Proposed Share Buy-Back may generally, all else being equal, have a positive impact on the consolidated EPS of the Company for the financial year ending 31 March 2026.

6.5 Dividends

For the financial year ended 31 March 2025, IJM had declared the following dividends:-

- (i) a single tier first interim dividend of two (2) sen per share which was paid on 27 December 2024 to the entitled members; and
- (ii) a single tier second interim dividend of five (5) sen per share and a single tier special dividend of one (1) sen per share which were paid on 18 July 2025 to the entitled members.

The Proposed Share Buy-Back will have the effect of increasing the effective dividend rate of the Company as dividends will be paid on the remaining issued capital of IJM (excluding Purchased Shares). The Proposed Share Buy-Back may have an impact on the Company's dividend rate for the financial year ending 31 March 2026 as it will reduce the cash available which may otherwise be used for dividend payments. Nonetheless, the Treasury Shares purchased may be distributed as dividends to shareholders, if the Company so decides.

7. SHAREHOLDING SPREAD

As at 30 June 2025, the public shareholding spread of the Company was approximately 82.43%. The public shareholding spread would be reduced to approximately 81.24% pursuant to the Proposed Share Buy-Back, assuming the Company implements the Proposed Share Buy-Back in full and that the Shares purchased are from public shareholders. In this regard, the Board undertakes that the purchase of Shares will be conducted in compliance with the 25% public shareholding spread as required by the Listing Requirements.

8. IMPLICATIONS RELATING TO THE CODE

The Board does not anticipate any implications relating to the Code arising from the Proposed Share Buy-Back. It is the intention of the Company to implement the Proposed Share Buy-Back in a manner that will not result in any of the shareholders of the Company having to undertake a mandatory offer pursuant to the Code.

9. PURCHASE OF SHARES AND RESALE, TRANSFER OR CANCELLATION OF TREASURY SHARES

The Company has purchased 1,000,000 units of its own Shares in the preceding 12 months and details of the purchases are as follows:-

** inclusive of transaction cost*

As at 30 June 2025, a total of 142,400,000 Shares were being held as Treasury Shares. The Company has not resold, transferred or cancelled any Treasury Shares in the preceding 12 months.
