

## **Personal statement by Tan Sri Krishnan Tan**

PETALING JAYA, 15 May 2026 – I refer to the media reports relating to the investigations against me by the Malaysian Anti-Corruption Commission (“MACC”). In their letter dated 30<sup>th</sup> April 2026 MACC has confirmed that the investigations have been completed and the case now categorised as “No Further Action.”

This decision is welcomed as I have steadfastly maintained my innocence.

The investigations and publicity given thereof has caused me severe reputational damage and undone what has been a lifetime of public and corporate service, caused immense strain on my family, friends, and the organisations I serve- to all of whom I am grateful, especially my wife and family and dear friends, for standing by me.

I now want to put this difficult period behind me and move on.
